INTRODUCTION

Municipalities in the United States received \$94.9 billion from all revenue sources and made expenditures totaling \$93.7 billion in fiscal year 1979-80. Total revenue increased \$8.0 billion or 9.2 percent and expenditure was \$10.1 billion or 12.1 percent larger than the previous fiscal year.

General revenue of city governments, which excludes utility, liquor store, and employee-retirement amounts, was \$76.1 billion in 1979-80 compared with \$70.3 billion a year earlier.

General expenditure—i.e., spending other than for utility, liquor store, and employee-retirement purposes—totaled \$72.4 billion in 1979-80 which is an increase of \$6.8 billion from 1978-79.

National totals on the finances of cities are presented in tables 1 and 2. Amounts shown pertain to municipal fiscal years which closed within the 12 months ended June 30 of the later year specified in the column heading.

Table 3 shows a distribution of financial amounts by city-size groups, based on 1980 populations.¹ Per capita amounts, by city-size groups, appear in table 4.

GENERAL REVENUE

During the past decade, Federal aid paid directly to cities has increased from 6.1 to 14.3 percent of total city general revenue. There has been a concomitant decline in the percentage from property taxes, which decreased from 32.8 to 22.2 percent during the same period. The proportion derived from non-property taxes has remained steady at about 19 percent, while the proportion from charges and miscellaneous sources has fluctuated from 17.5 to 21.7 percent.

City-imposed taxes yielded \$31.3 billion in fiscal 1979-80 or about 41.1 percent of all general revenue of city governments. Property taxation continued as the predominant tax revenue source supplying \$16.9 billion. Other municipal tax amounts, as shown in table 1, consisted of approximately \$5.1 billion from general sales and gross receipts taxes, \$3.1 billion from selective sales taxes, \$4.0 billion from income taxes, and \$2.1 billion from licenses and miscellaneous other taxes.

Municipalities received about \$15.9 billion from State governments in fiscal 1979-80. This, together with sums received directly from the Federal Government and from other local governments (mainly counties), made the total of city intergovernmental revenue \$28.3 billion, or about 37.2 percent of general revenue from all sources. Included in this total is \$2.5 billion in general revenue sharing funds distributed by the Federal Government to municipalities under the State and Local Fiscal Assistance Act of 1972.

Sources other than taxes and intergovernmental revenue supplied \$16.5 billion of municipal general revenue in fiscal 1979-80. This amount included \$9.9 billion from current charges (other than for utility services, classed separately as utility revenue).

The following tabulation illustrates the distribution of municipal government revenue in fiscal 1979-80:

Item	Amount (millions) of dollars)	Percent	Percent increase from prior fiscal year
Revenue from all sources	94,862	100.0	9.2

GENERAL EXPENDITURE

As indicated below, education takes a larger share of city expenditure than any other function, even though most of this spending is by the small fraction of municipal governments (including New York City and some other very large units) that directly administer local public schools. In most cities, public schools are administered by independent school districts, for which financial data are not included in this report.

Following is a summary functional distribution of municipal governments' general expenditure in fiscal 1979-80:

¹ Size-class distributions of municipal governments, together with related 1975 population figures, are shown nationally and for states and metropolitan areas in the 1977 Census of Governments, Volume 1: Governmental Organization.

EXPENDITURE BY CHARACTER AND OBJECT

About seventy percent of all municipal expenditure in fiscal 1979-80 (including amounts for utility, insurance-trust and general government purposes) was for current operation. Expenditure of this nature amounted to \$66.7 billion. Expenditure for salaries and wages amounted to \$34.7 billion in fiscal 1979-80, accounting for 37.0 percent of all municipal expenditure.

Capital outlay—mostly for construction, but also including spending for equipment and the purchase of land and existing structures—amounted to \$16.3 billion, or 17.4 percent of all municipal expenditures.

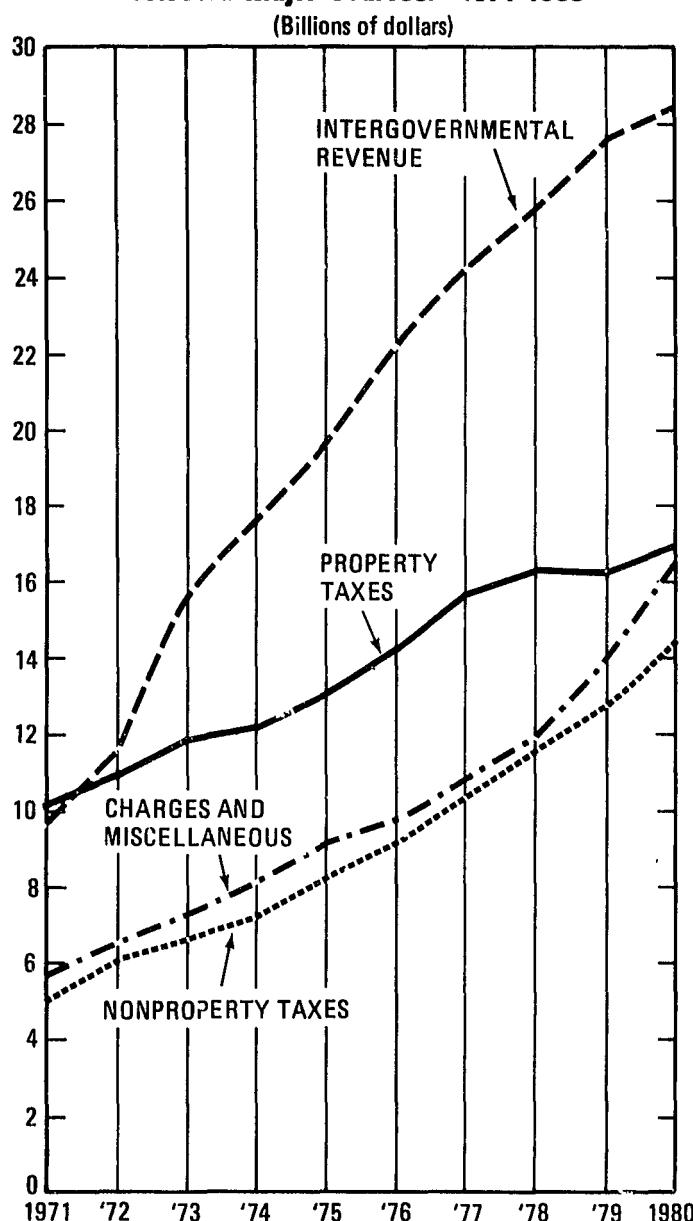

Payments of interest on debt (including utility as well as general municipal debt) amounted to \$4.2 billion, insurance benefits and repayments were \$3.0 billion, and cash assistance payments totaled \$1.5 billion.

INDEBTEDNESS AND DEBT TRANSACTIONS

At the end of fiscal 1979-80, municipal indebtedness totaled \$86.0 billion. The debt total included \$39.6 billion of long-term indebtedness pledging the cities' full faith and credit, \$42.8 billion of nonguaranteed long-term debt, and \$3.7 billion of short-term debt.

During fiscal 1979-80, municipalities issued \$12.6 billion of long-term debt, including \$3.1 billion for utility purposes. Their retirement of long-term debt during this fiscal year totaled \$5.5 billion, including \$1.9 billion of utility indebtedness.

FIGURE 1. Trends in City General Revenue from Selected Major Sources: 1971-1980

A significant classification change in the reporting of statistics on indebtedness took place effective with the 1978-79 survey. Prior to 1978-79, both original issues and related advance refunding issues were included as debt outstanding of the government. Amounts reported for debt outstanding and retired and for debt offsets now reflect the "redemption" of original issues of bonds which are no longer carried in the official accounts.

of governments. Consequently, amounts shown for debt retired during 1978-79 included a one-time adjustment reflecting previously issued advance refunding transactions. Amounts so included for city governments totaled approximately \$2.5 billion in 1978-79.

As shown below, long-term debt is often nonguaranteed, i.e., obligations payable solely from pledged earnings of specific activities or facilities, from special assessments, or from specific nonproperty taxes. Net long-term debt represents gross long-term debt less amounts reserved for future debt retirement, which are commonly referred to as long-term offsets.

Item	Amount (millions of dollars)	Percent increase or decrease (-) from 1978-79
Debt outstanding, total	86,019	10.2

Short-term	3,673	17.6
Net long-term debt outstanding	72,528	7.2

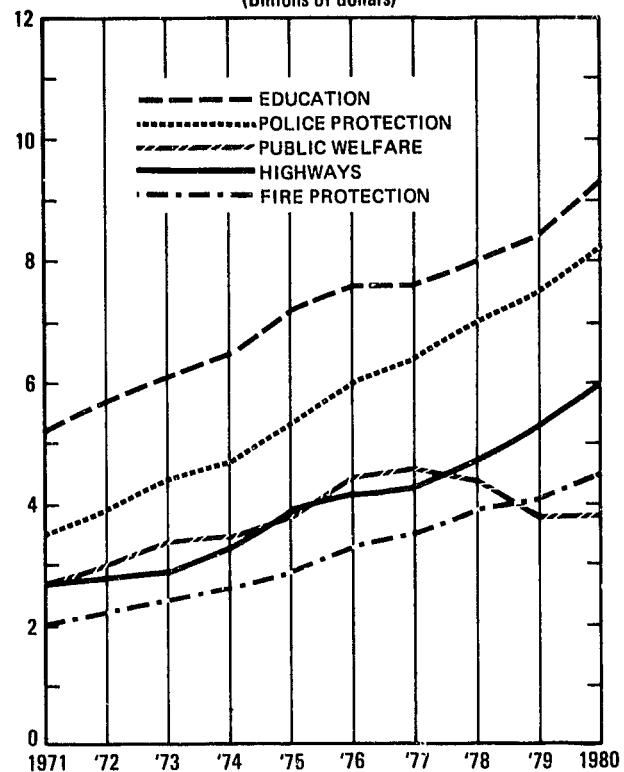

CASH AND SECURITY HOLDINGS

The summary presented below shows financial assets of municipal governments. Financial holdings of municipalities amounted to \$69.5 billion at the end of fiscal 1979-80. About 42.5 percent of these holdings represented assets of employee-retirement or other insurance trust systems, which include \$25.8 million comprising unemployment compensation balances of Washington, D.C. Other major holdings by purpose included \$9.8 billion held as offsets to long-term debt, \$8.1 billion as proceeds of bond issues held pending disbursement, and the remaining \$22.0 billion represented holdings of all other city funds, including public trust and investment funds.

CITY UTILITIES AND LIQUOR STORES

Municipal governments commonly operate water supply systems and some of them also operate other utilities—electric power, gas supply, and local transit systems. Financial data for these various types of utilities are shown in table 2.

City utility revenue in fiscal 1979-80 totaled \$15.5 billion, including \$5.0 billion for water supply systems and \$8.0 billion for electric power systems. Utility expenditure amounted to \$18.1 billion, of which \$12.9 billion was for current operation, \$4.1 billion was capital outlay, and the remainder was interest on utility debt.

Municipal long-term indebtedness for utilities at the end of the fiscal year amounted to \$23.3 billion.

In a few states, certain municipal governments also have liquor store systems. Summary figures for these undertakings appear in table 1. Their revenue totaled \$247 million in 1979-80 and expenditure amounted to \$222 million.

FINANCES OF MUNICIPAL EMPLOYEE-RETIREMENT SYSTEMS

Municipal revenue in 1979-80 included employee-retirement revenue of \$3.0 billion, consisting of employee contributions, earnings on retirement system investments, and State payments for employees covered by municipal systems.

INTRODUCTION

Benefits and withdrawals paid by municipal retirement systems in 1979-80 totaled \$2.9 billion, and their financial assets at the end of the fiscal year amounted to \$29.5 billion, as shown in table 1.

The foregoing figures pertain only to municipally administered employee-retirement systems. They do not include amounts for state-administered systems—some of which provide coverage for municipal employees—nor for the Federal program of Old Age, Survivors, Disability, and Health Insurance. Employer payments by participating cities to such other retirement programs are included here as a part of municipal general expenditure for current operation.

SIZE GROUP STATISTICS

Financial statistics for various population-size groups of municipal governments appear in tables 3 and 4. Figures for cities of less than 50,000 population represent estimates based on a random sample.

As will be evident from the functional detail in tables 3 and 4, the relative financial scale of cities in the several size groups is strongly affected by variations in the scope of municipal government responsibilities. In eight of the cities of over 300,000 population, public schools are operated by the municipal corporation rather than by an independent school district as is commonly the case. Furthermore, 14 of these municipalities (including 11 of the 23 cities with more than 500,000 inhabitants) are, in effect, composite city-county governments. Nearly all smaller municipalities, on the other hand, are located in areas which are served by a separate county government.

INDIVIDUAL MUNICIPAL DATA

Table 5 is a presentation of financial statistics for 443 cities and selected townships having 50,000 inhabitants or more in 1980. The cities are arranged alphabetically by State. Per capita amounts for selected financial items appear in table 7. Any intercity comparisons based upon these figures should be made with caution, and with due recognition of variations that exist among urban areas in the relative role of the municipal corporation, as discussed below under "Coverage and Limitations of Data."

Tables 5 and 7 also supply data for major town and township governments in certain States where such governments are similar to cities in organization and local services provided. These governments can be distinguished from municipalities by the fact that their designation in each instance includes the term "town" (for Connecticut and Massachusetts units) or

"township" (for New Jersey and Pennsylvania units). The municipal aggregates presented in tables 1 to 4, however, include no amounts for township (or "town") governments.

Table 8 provides a more detailed array of financial information for each of the 46 municipalities of at least 300,000 inhabitants in 1975.

COVERAGE AND LIMITATIONS OF DATA

Data in this report relate only to municipal corporations and their dependent agencies, and do not include amounts for other local governments overlying city areas. Therefore, expenditure figures for "education" do not include spending by the separate school districts which administer public schools within most municipal areas. Variations in the assignment of governmental responsibility for public assistance, health, hospitals, public housing, and other functions to a lesser degree, also have an important affect upon reported amounts of city expenditure, revenue, and debt.

The 1979-80 fiscal years reported are those which closed between July 1, 1979 and June 30, 1980. A majority of municipalities end their fiscal years on December 31; the next most common financial period is the 12 months ending June 30.

The financial statistics reported here are based mainly on a mail canvass that covered substantially all cities with 1975 estimated populations of 25,000 or more. Estimates for minor revenue items, expenditure, debt, and cash and security holdings were developed from data received from a scientifically designed sample of city governments below that population size. As a result, the data covering the total of all cities are subject to some sampling variations. Calculations of the relative standard error of these estimates indicate that for major items it is less than one percent (at the two-thirds confidence level).

For the 46 cities with 300,000 inhabitants or more and for a limited number of smaller cities, the basic data were compiled by Census Bureau representatives from official reports and records, with the advice and assistance of local officers and employees. Information for other cities was supplied by local officials in response to a mail canvass that involved the use of detailed census questionnaires. The mail reports were examined intensively, and followup correspondence was used to supplement and verify questionable figures.

Data for municipalities between 25,000 and 50,000 population, selected sample jurisdictions and certain unpublished financial items can be obtained from Census Bureau data files. For further information, contact Chief, Governments Division, Bureau of the Census, Washington, D.C. 20233.

RELATED REPORTS

The annual report, **Governmental Finances in 1979-80**, provides estimated nationwide financial aggregates covering other types of local governments as well as municipalities, together with State and Federal Government data.

The report from the 1977 Census of Governments, Volume 4, No. 4, **Finances of Municipalities and Township Governments**, presents municipal finance data for fiscal 1976-77 in detail, including figures for size-groups of municipalities, State-by-

State totals, and figures for municipalities of 10,000 inhabitants or more.

More detailed data on municipal employee-retirement systems and their finances, including figures for individual major systems, appear in the report **Finances of Employee-Retirement Systems of State and Local Governments in 1979-80**.

Local government finances pertaining to education are covered in the annual report, **Finances of Public School Systems, 1979-80**. This report contains data for independent school districts as well as those school systems that are treated as dependent agencies of another government.

Note: See text regarding coverage of fiscal years. Because of rounding, detail may not add to totals. The notations indicating type of "other utilities" are: (E) electric power; (G) gas supply; (T) transit system; and (*) two or more utilities.

- Represents zero or rounds to zero.

'A major shift in funding sources for California local governments occurred, effective for the 1980 fiscal year, which altered both the allocation of State intergovernmental revenues for public welfare, general support and health and hospitals, and the proportional distribution of local property taxes.

*Data are for 1978-79 fiscal year.

**Data are for 1977-78 fiscal year.

Note: Per capita data are based on 1980 city populations as shown in table 5.

- Represents zero or rounds to zero.

^aA major shift in funding sources for California local governments occurred, effective for the 1980 fiscal year, which altered both the allocation of State inter-governmental revenues for public welfare, general support and health and hospitals, and the proportional distribution of local property taxes.

^bData are for 1978-79 fiscal year.

^cData are for 1977-78 fiscal year.

Represents zero or rounds to zero.

*Implies payments to beneficiaries (including withdrawal of contributions).

†Includes \$64,183,000 expended for regular and extended unemployment compensation benefits.

*Includes \$15,819,000 in holdings of unemployment compensation fund.

DEFINITIONS OF SELECTED TERMS

Agency and Private Trust Transactions—Transactions excluded from Census data on city finances because they involve receipt, holding, and disbursement of moneys by city governments as agent or trustee for other governments or private persons, such as collection of Federal income taxes and social security "taxes," receipt and return of guarantee deposits, and the like.

Assistance and Subsidies—For local governments this category is limited to direct cash assistance payments to public welfare recipients. See **Public Welfare**.

Bond Funds—Funds established to account for the proceeds of bond issues pending their disbursement.

Borrowing—Long-term debt incurred, other than to refund existing long-term debt, plus any net increase in short-term debt outstanding.

Capital Outlay—Direct expenditure for contract or force account construction of buildings, roads, and other improvements, and for purchases of equipment, land, and existing structures. Includes amounts for additions, replacements, and major alterations to fixed works and structures. However, expenditure for repairs to such works and structures is classified as current operation expenditure.

Cash and Security Holdings—Cash, deposits, and governmental and private securities (bonds, notes, stocks, mortgages, etc.), except holdings of agency and private trust funds. Does not include interfund loans, receivables, and the value of real property and other fixed assets.

Cash Assistance—See **Public Welfare**.

Construction—Production of fixed works and structures and additions, replacements, and major alterations thereto, including planning and design of specific projects, site improvements and provision of equipment and facilities that are integral parts of a structure. Includes both contract and force account construction.

Correction—Confinement and correction of adults and minors convicted of offenses against the law, and pardon, probation, and parole activities.

Current Charges—Amounts received from the public for performance of specific services benefiting the person charged and from sales of commodities and services except by city utilities. Includes fees, assessments, and other reimbursements for current services, rents and sales derived from commodities or services furnished incident to the performance of particular functions,

gross income of commercial activities, and the like. Excludes amounts received from other governments (see **Intergovernmental Revenue**) and interdepartmental charges and transfers. Current charges are distinguished from license taxes, which relate to privileges granted by the government or regulatory measures for the protection of the public.

Current Operation—Direct expenditure for compensation of own officers and employees and for supplies, materials, and contractual services except amounts for capital outlay.

Debt—All long-term credit obligations of the city and its agencies whether backed by the city's full faith and credit or nonguaranteed, and all interest-bearing short-term credit obligations. Includes judgments, mortgages, and revenue bonds, as well as general obligation bonds, notes, and interest-bearing warrants. Excludes noninterest-bearing short-term obligations, interfund obligations, amounts owed in a trust or agency capacity, advances and contingent loans from other governments, and rights of individuals to benefits from city employee retirement funds.

Debt Issued—See **Long-Term Debt Issued**.

Debt Offsets—See **Long-Term Debt Offsets**.

Debt Outstanding—All debt obligations remaining unpaid on the date specified.

Debt Redemption—Long-term debt redeemed—i.e., amounts retired other than by refunding—plus any net decrease in short-term debt outstanding.

Debt Retired—See **Long-Term Debt Retired**.

Direct Expenditure—Payments to employees, suppliers, contractors, beneficiaries, and other final recipients of government payments—i.e., all expenditure other than **Intergovernmental Expenditure**.

Education—Schools and other educational facilities and services. **Local Schools** includes mainly city-operated elementary and secondary schools and other educational institutional (other than higher education), and intergovernmental expenditures for education, payments to private institutions, and special educational programs. Revenue and expenditure for school lunch services, athletic events, and other commercial or auxiliary services are reported on a gross basis. **Institutions of Higher Education** comprises universities, colleges, and junior colleges operated by the city.

DEFINITIONS OF SELECTED TERMS

Employee-Retirement Expenditure—Cash payments to beneficiaries (including withdrawals of contributions) of city-administered employee-retirement programs. Excludes cost of administering retirement systems, city contributions to State-administered employee-retirement systems, and noncontributory gratuities paid to former employees; these are classed under General Expenditure.

Employee-Retirement Revenue—Revenue from contributions required of employees for financing city-administered employee-retirement systems, earnings on investments held for such systems, and receipts of State payments for employees covered by municipal systems. Excludes any contributions by a city, either as employer contributions or for general financial support, to an employee-retirement system. Tax proceeds, donations, and any forms of revenue other than those enumerated above are classified as general revenue rather than employee-retirement revenue, even though such amounts may be received specifically for employee-retirement purposes.

Equipment—Apparatus, furnishings, motor vehicles, office machines, and the like, having an expected life of more than 5 years. Equipment expenditure consists only of amounts for purchase of equipment. Rental and repair expenditures are classified as current operation expenditure. Expenditures for facilities that are integral parts of structures are classified as expenditure for construction or for purchase of land and existing structures.

Expenditure—All amounts of money paid out by a government—net of recoveries and other correcting transactions—other than for retirement of debt, investment in securities, extension of credit, or as agency transactions. Note that expenditure includes only external transactions of a government and excludes non-cash transactions such as the provision of perquisites or other payments in kind.

Financial Administration—Municipal officials and agencies concerned with tax assessment and collection, accounting, auditing, budgeting, purchasing, custody of funds, and other central finance activities.

Fire Protection—City fire fighting organization and auxiliary services thereof, inspection for fire hazards, and other fire prevention activities. Includes cost of fire fighting facilities such as fire hydrants and water, furnished by other agencies of the city government.

Full Faith and Credit Debt—Long-term debt for which the credit of the city, implying the power of taxation, is unconditionally pledged. Includes debt payable initially from specific taxes or nontax sources, but representing a liability payable from any other available resources if the pledged sources are insufficient.

General Control—The governing body, municipal courts, office of the chief executive, and central staff services and agencies concerned with personnel administration, law, recording, planning and zoning, and the like. See also **Financial Administration**.

General Debt—All debt other than that identified as having been issued specifically for utility purposes. See **Utility Debt**.

General Expenditure—All city expenditure other than the specifically enumerated kinds of expenditure classified as utility expenditure, liquor stores expenditure, and employee-retirement or other insurance trust expenditure.

General Public Buildings—Provision and maintenance of public buildings not allocated to particular functions.

General Revenue—All city revenue except utility revenue, liquor stores revenue, and employee-retirement or other insurance trust revenue. The basis for distinction is not the fund or administrative unit receiving particular amounts, but rather the nature of the revenue sources concerned. Includes all tax collections and intergovernmental revenue, even if designated for employee retirement or local utility purposes.

General Revenue Sharing—Amounts distributed by the Federal Government to municipalities under the State and Local Fiscal Assistance Act of 1972.

General Sales or Gross Receipts Taxes—See under **Sales and Gross Receipts Taxes**.

Health—Health services, other than hospital care, including health research, clinics, nursing, immunization, and other categorical, environmental, and general public health activities. School health services provided by health agencies (rather than school agencies) are included here.

Highways—Streets, highways, and structures necessary for their use, snow and ice removal, toll highway and bridge facilities, and ferries. However, highway policing and traffic control are classed under **Police Protection**.

Hospitals—Establishment and operation of hospital facilities, provision of hospital care, and support of other public or of private hospitals. Own Hospitals comprise those administered by the government concerned. Excludes payments to other governments and to private agencies for hospital support and services, which are classed under **Other Hospitals**. However, see **Public Welfare** concerning vendor payments under welfare programs.

Housing and Urban Renewal—City housing and redevelopment projects and regulation, promotion, and support of private housing and redevelopment activities. For cities in Arizona, Kentucky, Michigan, New Mexico, New York, and Virginia, generally includes data for municipal housing authorities. Housing authorities for other cities are usually classified as independent governments and data for them are not included in city finance statistics.

Interest Earnings—Interest earned on deposits and securities, including amounts for accrued interest on investment securities sold. However, receipts for accrued interest on bonds issued are classified as offsets to interest expenditure. Note that interest

earnings shown under general revenue do not include earnings on assets of employee-retirement systems.

Interest Expenditure—Amounts paid for use of borrowed money.

Intergovernmental Expenditure—Amounts paid to other governments as fiscal aid in the form of shared revenues and grants-in-aid, as reimbursements for performance of general government activities and for specific services for the paying government, or in lieu of taxes. Excludes amounts paid to other governments for purchase of commodities, property, or utility services, any tax imposed and paid as such, and employer contributions for social insurance—e.g., contributions to the Federal Government for old-age, survivors', disability, and health insurance for city employees.

Intergovernmental Revenue—Amounts received from other governments as fiscal aid in the form of shared revenues and grants-in-aid, as reimbursements for performance of general government functions and specific services for the paying government (e.g., care of prisoners or contractual research), or in lieu of taxes. Excludes amounts received from other governments for sale of property, commodities, and utility services. All intergovernmental revenue is classified as general revenue.

Intergovernmental Revenue for General Local Government Support—Fiscal aid revenue that is unrestricted in function or in purpose to which amounts may be applied by the receiving government.

Intergovernmental Revenue From Federal Government—Intergovernmental revenue received by the city government directly from the Federal Government. Excludes Federal aid channeled through State governments.

Intergovernmental Revenue From State Government—All intergovernmental revenue received from the State government, including amounts originally from the Federal Government but channeled through the State.

Libraries—Public libraries operated by the city (except those operated as part of a school system primarily for the benefit of students and teachers, and law libraries) and support of privately operated libraries.

License Taxes—Taxes exacted (either for revenue raising or for regulation) as a condition to the exercise of a business or non-business privilege, at a flat rate or measured by such bases as capital stock, capital surplus, number of business units, or capacity. Excludes taxes measured directly by transactions, gross or net income, or value of property except those to which only nominal rates apply. "Licenses" based on these latter measures, other than those at nominal rates, are classified according to the measure concerned. Includes "fees" related to licensing activities—automobile inspection, professional examinations and licenses, etc.—as well as license taxes producing substantial revenues.

Liquor Stores Expenditure—Expenditures for purchase of liquor for resale and provision and operation of liquor stores. Excludes expenditure for law enforcement and licensing activities carried out in conjunction with liquor store operations.

Liquor Stores Revenue—Amounts received from sale of liquor by city liquor stores and other revenues from city liquor store operations. Excludes any taxes collected by city liquor monopoly systems.

Local Schools—See Education.

Long-Term Debt—Debt payable more than 1 year after date of issue.

Long-Term Debt Issued—The par value of long-term debt obligations incurred during the fiscal period concerned, including funding and refunding obligations. Debt obligations authorized but not actually incurred during the fiscal period are not included.

Long-Term Debt Offsets—Cash and investment assets of sinking funds and other reserve funds, however designated, which are specifically held for redemption of long-term debt, including bond reserve funds, deposits with fiscal agents for the redemption of uncanceled debt, and balances in refunding bond accounts held pending completion of refunding transactions.

Long-Term Debt Retired—The par value of long-term debt obligations liquidated by repayment or exchange, including debt retired by refunding operations.

Net Long-Term Debt—Long-term debt outstanding minus long-term debt offsets.

Nonguaranteed Debt—Long-term debt payable solely from pledged specific sources—e.g., from earnings of revenue producing activities (utilities, sewage disposal plants, toll bridges, etc.), from special assessments, or from specific nonproperty taxes. Includes only debt that does not constitute an obligation against any other resources of the city if the pledged sources are insufficient.

Own Hospitals—See Hospitals.

Parking Facilities—Municipal public-use garages and other parking facilities operated on a charge basis, including purchase and maintenance of on- and off-street parking meters.

Parks and Recreation—Cultural-scientific activities, such as museums and art galleries; organized recreation, including playgrounds and play fields, swimming pools and bathing beaches; municipal parks; and special facilities for recreation, such as auditoriums, stadiums, auto camps, recreation piers, and boat harbors.

Police Protection—Preservation of law and order and traffic safety. Includes police patrols and communications, crime prevention activities, detention and custody of persons awaiting trial, traffic safety, vehicular inspection, and the like.

DEFINITIONS OF SELECTED TERMS

Property Taxes—Taxes conditioned on ownership of property and measured by its value. Includes general property taxes relating to property as a whole, real and personal, tangible or intangible, whether taxed at a single rate or at classified rates, and taxes on selected types of property, such as motor vehicles or certain or all intangibles.

Public Welfare—Support of and assistance to needy persons contingent upon their need. Excludes pensions to former employees and other benefits not contingent on need. Expenditures under this heading include: **Cash Assistance** paid directly to needy persons under the categorical programs (Old Age Assistance, Aid to Families with Dependent Children, Aid to the Blind, and Aid to the Disabled) and under any other welfare programs; **Vendor Payments** made directly to private purveyors for medical care, burials, and other commodities and services provided under welfare programs; and provision and operation by the city of **Welfare Institutions**. **Other Public Welfare** includes city payments to other governments for welfare purposes, amounts for administration, support of private welfare agencies, and other public welfare services. Health and Hospital services provided directly by the city through its own hospitals and health agencies, and any payments to other governments for such purposes, are classed under those functional headings rather than here.

Purchase of Land and Existing Structures—Purchase of these assets as such, purchase of rights-of-way, and title search and similar activity associated with the purchase transactions.

Revenue—All amounts of money received by a government from external sources—net of refunds and other correcting transactions—other than from issuance of debt, liquidation of investments, and as agency and private trust transactions. Note that revenue excludes noncash transactions such as receipt of services, commodities, or other “receipts in kind.”

Salaries and Wages. Amount expended for compensation of employees. Consists of gross amounts without deduction of withholdings for income tax, social security or retirement coverage.

Sale of Property—Sale of real property and improvements. Excludes sale of securities and sale of commodities, equipment, and other personal property.

Sales and Gross Receipts Taxes—Taxes, including “licenses” at more than nominal rates, based on volume or value of transfers of goods or services, upon gross receipts therefrom, or upon gross income, and related taxes based upon use, storage, production (other than severance of natural resources), importation, or consumption of goods. Dealer discounts or “commissions” allowed to merchants for collection of taxes from consumers are excluded.

General sales or gross receipts taxes—Sales or gross receipts taxes which are applicable with only specified exceptions to all types of goods, all types of goods and services, or all gross

income, whether at a single rate or at classified rates. Taxes imposed distinctively upon sales of or gross receipts from selected commodities, services, or businesses are reported separately under categories listed below.

Selective sales and gross receipts taxes—Sales and gross receipts taxes imposed on sales of particular commodities or services or gross receipts of particular businesses, separately and apart from the application of general sales and gross receipts taxes.

Sanitation—Comprises **Sewerage** and **Sanitation Other Than Sewerage** (See below). Sanitary engineering, smoke regulation, and other health activities are classified under **Health**.

Sanitation Other Than Sewerage—Street cleaning, and collection and disposal of garbage and other waste.

Securities—Stocks and bonds, notes, mortgages, and other formal evidences of indebtedness.

Selective Sales and Gross Receipts Taxes—See under **Sales and Gross Receipts Taxes**.

Sewerage—Sanitary and storm sewers and sewage disposal facilities and services, and payments to other local governments for such purposes.

Short-Term Debt—Interest-bearing debt payable within 1 year from date of issue, such as bond anticipation notes, bank loans, and tax anticipation notes and warrants. Includes obligations having no fixed maturity date if payable from a tax levied for collection in the year of their issuance.

Special Assessments—Compulsory contributions collected from owners of property benefited by specific public improvements (street paving, sidewalks, sewer lines, etc.) to defray the cost of such improvements (either directly or through payment of debt service on indebtedness incurred to finance the improvements) and apportioned according to the assumed benefits to the property affected by the improvements.

Taxes—Compulsory contributions exacted by a government for public purposes, except employee and employer assessments for retirement and social insurance purposes, which are classified as insurance trust revenue. All tax revenue is classified as general revenue and comprises amounts received (including interest and penalties but excluding protested amounts and refunds) from all taxes imposed by a government. Note that city tax revenue excludes any amounts from shares of State-imposed and collected taxes, which are classified as intergovernmental revenue.

Utility—A municipally owned and operated water supply, electric light and power, gas supply, or transit system. City revenue, expenditure, and debt relating to utility facilities leased to other governments or persons, and other commercial-type activities of city governments, such as port facilities, airports, housing projects, radio stations, steam plants, ferries, abattoirs, etc., are classified as general government activities.

Utility Debt—Debt originally issued specifically to finance city-owned and operated water, electric, gas, or transit utility facilities.

Utility Expenditure—Expenditure for construction or acquisition of utility facilities or equipment, for production and distribution of utility commodities and services (except those furnished to parent city) and for interest on utility debt. Does not include expenditure in connection with administration of utility debt and investments (treated as general expenditure) and the cost of providing services to the parent city government (such costs, when identifiable, are treated as expenditure for the function served).

Utility Revenue—Revenue from sale of utility commodities and services to the public and to other governments. Does not include amounts from sales to the parent city. Also excludes income from utility fund investments and from other nonoperating properties (treated as general revenue). Any revenue from taxes, special assessments, and fiscal aid is classified as general revenue—not utility revenue.

Vendor Payments—See Public Welfare.

Water Transport and Terminals—Provision, operation and support of canals and other waterways, harbors, docks, wharves, and other related terminal facilities.
